## pgb-Europe

EN

pgb-Europe is a Belgian family-owned company specialised in the distribution of fasteners, fixings and hand tools. Our vast range of products allows us to meet the individual needs of every customer.

### **Intelligent fastening solutions :**

We want to be a leading company in the domestic market of our field. pgb-Europe distinguishes itself through knowhow, excellent product quality, a high delivery rate and customer-oriented service and sound advice. We stand for a long term partnership with a clear win-win situation, by offering products with added-value. A strong emphasis is put on finding the best and most cost-efficient solution for our clients.

## pgb-Europe

FR

pgb-Europe est un fournisseur complet pour les systèmes de fixation et l'outillage. Avec notre large assortiment de produits, nous avons toujours une solution pour nos clients.

### **Intelligent fastening solutions :**

Nous aspirons à devenir une société idéale dans notre secteur. pgb-Europe se distingue par les moyens de knowhow, par une qualité de produits irréprochable, par des livraisons régulières et par un excellent service clientèle. Nous sommes également désireux de garder nos partenaires grâce à un esprit de "gagnant" et grâce à la valeur ajoutée de nos produits. Notre seul but est de trouver la meilleure solution pour notre clientèle.

## pgb-Europe

NL

pgb-Europe is een Belgische KMO gespecialiseerd in het verdelen van bevestigingsmaterialen en handgereedschappen. Door onze jarenlange ervaring en het uitgebreide productassortiment bieden we elke klant een totaaloplossing.

### **Intelligent fastening solutions :**

Wij streven om een toonaangevend bedrijf te zijn binnen onze sector. pgb-Europe onderscheidt zich door knowhow, uitstekende productkwaliteit, een hoge uitleveringsgraad en een klantgerichte service. Wij gaan voor partnerships op lange termijn met een duidelijke win-win situatie, door onze producten van toegevoegde waarde te voorzien. De nadruk ligt steeds op het vinden van de meest gepaste en kostenefficiënte oplossing voor de klant.

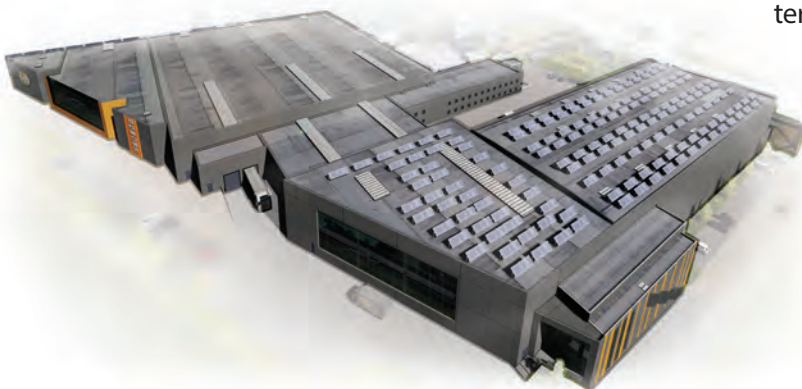

## pgb-Europe

DE

Die Belgische Firma pgb-Europe NV ist Ihr zuverlässiger Partner für alle Befestigungstechnik und Handwerkzeuge. Unsere langjährige Erfahrung und tiefes Angebotspektrum tragen dazu bei. Für sie einen kompletten Lösungsanbieter zu bedeuten, der Ihnen das komplette Beschaffungsmanagement spürbar vereinfacht.

### **Intelligent fastening solutions :**

pgb verfügt über ein umfangreiches Lieferprogramm und differenziert sich auf dem Markt durch qualitativ hochwertige Produkte, seine Dienstleistung, eine zuverlässige Auslieferungsgrad und Innovation. Und selbstverständlich geht die Betreuung von Kunden bei pgb immernoch weit über das Übliche Maß. Sie erhalten bei uns alles aus einer Hand und wir bieten Ihnen maßgeschneidererte Lösungen. Ausgangspunkt ist eine langjährige, angenehme Geschäftsbeziehung wobei Sie uns als wichtigen Partner schätzen lernen, der stets mit Engagement und Service Ihre Aufträge termingerecht abwickeln werden.

## Efficient stock management

EN

Generally fasteners are just a small factor throughout the entire production process. However the shortcoming of the right materials could cause serious trouble for your production process.

That's why stock management of "C-parts" is much more than just having the right articles at the right time. It concerns optimization of order quantity, optimization of stock and stock placement, as well as arranging the right transport. It's these efforts that lead to elevated costs over the entire supply chain.

### Kanban

Our knowhow and continually investment in new technologies ensure that we meet higher standards. The 24 hours delivery service and excellent product quality ensure that we can offer the best possible service to our clients.

With our "Maestro", an entire automated stock and picking system, we assure our clients correct and fast picking of their orders.

Furthermore, we offer our clients personalized service packages concerning efficient stock management. This way we want to take over the logistic process of our clients, so that they are able to focus on their core business.

Clients will certainly benefit from using our logistic services.

#### Our systems provide clients with :

- Minimal in-house logistic efforts
- An efficient ordering process
- Reduced stock and stock management
- Reduced costs

## Efficiënt voorraadbeheer

NL

In het algemeen zijn bevestigingsmaterialen slechts een kleine factor binnen het ganse productieproces. Maar het ontbreken van het juiste materiaal kan echter zeer zware gevolgen hebben voor het productieproces.

Het beheer van de voorraad van dergelijke "C-parts" is daarom veel meer dan enkel de benodigde artikelen beschikbaar hebben. Het is tevens een optimalisatie van de bestelhoeveelheid, de voorraad en de locatie van de voorraden, zowel als het voorzien van het gewenste transport. Dit vereist grote inspanningen die leiden tot een verhoogde (logistieke)kost binnen de goederenstroom.

### Kanban

Onze knowhow en het continue investeren in nieuwe technologieën zorgen ervoor dat we steeds aan strengere eisen voldoen. Onze 24-uur service op gebied van levertijd en hoge kwaliteitseisen zorgen ervoor dat we onze klanten een maximale service kunnen bieden.

Ons paradepaardje is "Maestro": een volledig geautomatiseerd opslagsysteem voor het correct en snel afwerken van uw bestellingen.

Daarnaast stellen wij onze klanten op maat gemaakte servicepakketten voor op gebied van efficiënt voorraadbeheer. Zo willen wij het logistieke luik volledig uit handen van onze klanten nemen, zodat zij zich volledig kunnen concentreren op hun core business.

Door gebruik te maken van onze logistieke dienst- verlening zal u ongetwijfeld voordeel genieten.

#### Onze systemen voorzien voor u in een :

- Minimale in-house logistieke inspanning
- Efficiënt bestelproces
- Verlaagde (voorraad)kost
- Eenvoudiger voorraadbeheer

## Gestion de notre stock

FR

En général, les articles de fixation représentent seulement une petite partie d'un large processus de réalisation. Mais ne pas utiliser le matériel adéquat peut avoir de très lourdes conséquences pour les coûts de production.

La gestion du stock de pareilles «C-Parts» représente beaucoup plus qu'une simple disponibilité. C'est aussi une optimisation du nombre de commandes, du stock et de leur localisation ainsi que leur transport. Ceci exige de gros efforts qui conduisent à une augmentation du coût logistique au sein du circuit des marchandises.

### Kanban

Notre knowhow et la continuité des investissements dans de nouvelles technologies font en sorte que nous devons répondre à des exigences strictes. Notre service « livraison en 24 heures » et nos exigences en matière de qualité nous permet d'offrir un service maximum à nos clients.

Notre cheval de bataille est notre « Maestro » : un système totalement automatisé pour une gestion correcte et rapide de vos commandes.

En outre, nous présentons à nos clients un service d'emballages personnalisés pour une gestion de stock efficace. Nous voulons ainsi libérer nos clients de tout ce côté logistique de telle manière qu'ils puissent se concentrer exclusivement sur le commercial.

Utiliser notre service logistique vous offrira sans aucun doute d'agréables avantages.

#### Nos systèmes prévoient :

- Un effort logistique minimum
- Un processus de commandes efficace
- Une moindre gestion de stock et de moindres coûts

## Effiziente Lagerführung

DE

Im Allgemeinen sind Befestigungselemente während des gesamten Produktionsprozesses nur ein kleiner Faktor. Allerdings könnten Lieferengpässe, Schwierigkeiten in Ihrem Produktionsprozess verursachen.

Deshalb ist die Lagerverwaltung von "C-Teilen" viel mehr als nur die richtigen Artikel zur richtigen Zeit bereit zu stellen. Es geht um Optimierung der Bestellmenge, Optimierung der Lager- und Bestandsführung, sowie Arrangieren des richtigen Transports. Es sind diese Punkte, die zu erhöhten Kosten über die gesamte Lieferkette führen.

### Kanban

Unser Know-how und unsere kontinuierliche Investition in neue Technologien sorgen dafür, dass wir höhere Standards erreichen. Der 24 Stunden Lieferservice und Exzellente Produktqualität sorgen dafür, dass wir unseren Kunden den bestmöglichen Service bieten können.

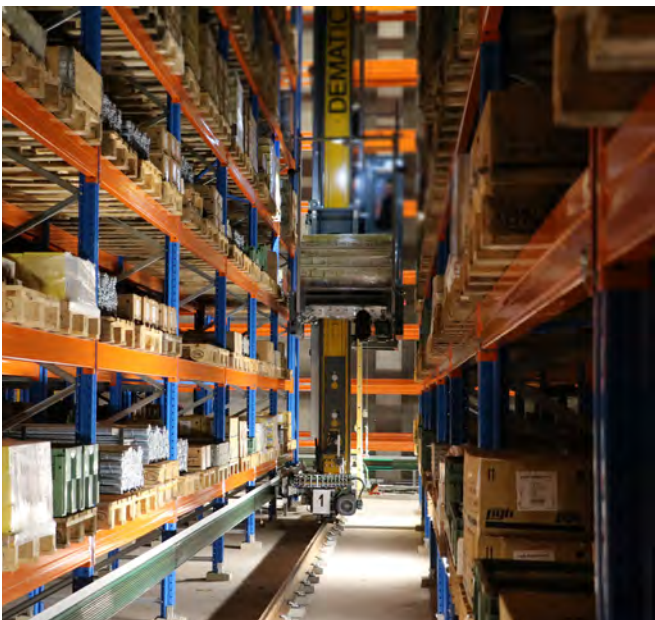

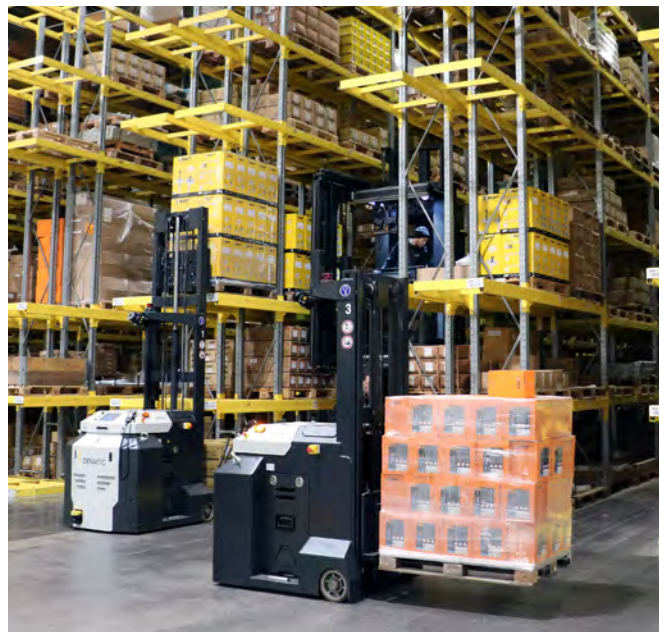

Mit unserem "Maestro", einem voll automatisierten Lager- und Kommissioniersystem, versichern wir unseren Kunden die korrekte und schnelle Kommissionierung ihrer Aufträge.

Darüber hinaus bieten wir unseren Kunden personalisierte Servicepakete für ein effizientes Lagerhaltungsmanagement. Auf diesem Weg wollen wir den Logistikprozess unserer Kunden übernehmen, damit sie sich auf ihr Kerngeschäft konzentrieren können.

Kunden profitieren sicherlich von unseren Logistikdienstleistungen.

#### Unsere Systeme bieten Kunden :

- Minimaler interner Logistikeinsatz
- Effiziente Bestellprozesse
- Reduzierte Lager- und Bestandsführung
- Kostenreduzierung

## pgb-Polska

EN

pgb-Polska, the Polish production plant of pgb-Europe, is manufacturer of high quality nylon, steel and chemical anchors, developed under the brand name "SMART". Beginning 2017 we moved to a brand new 8 000 sqm factory dedicated to the constant development, automated production and packing of our ETA assessed anchors. A strong logistic organization ensures prompt deliveries according to our customer's needs.

## pgb-Polska

FR

pgb-Polska, l'usine de production polonaise de pgb-Europe, fabrique des ancrages nylon de haute qualité, des ancrages chimiques ainsi que des ancrages en acier, tous distribués sous la marque "SMART". Au début de cette année 2017, pgb-Polska a déménagé pour s'implanter dans une nouvelle usine de 8 000 m<sup>2</sup>; elle se consacre à la production et au conditionnement automatisé de nos ancrages approuvés ETA. Sa logistique organisée garantit de rapides livraisons en fonction des besoins de notre clientèle.

## pgb-Polska

NL

pgb-Polska, de Poolse productieonderneming van pgb-Europe, is fabrikant van hoge kwaliteit nylon, stalen en chemische ankers, verdeeld onder de merknaam "SMART". Begin 2017 is pgb-Polska verhuisd naar een gloednieuwe fabriek van 8000 vierkante meter gewijd aan de voortdurende ontwikkeling, geautomatiseerde productie en de verpakking van onze ETA gekeurde ankers. Een sterke logistieke organisatie zorgt voor snelle leveringen volgens de behoeften van onze klanten.

## pgb-Polska

DE

pgb-Polska, unsere Produktionsstätte für Befestigungssysteme. Hier produzieren wir hochwertige Nylon-, Stahl- und Chemie Anker, entwickelt unter unserer Marke "SMART". Seit Anfang 2017 sind wir in ein brandneues Gebäude mit 8.000 qm umgezogen, dadurch können wir unsere automatisierte Fertigung und Verpackung unserer ETA zugelassenen Anker weiter entwickeln. Durch unsere neue Logistikorganisation können wir Lieferungen in kürzester Zeit bereitstellen.

## PHC Fasteners Ltd

EN

pgb-Europe opened end 2016 its wood screw factory (PHC Fasteners Ltd) in Vietnam. In this brand new 20 000 sqm industrial complex we are producing our CE-marked drywall screws and wood screws (carbon steel). With 85 heading and threading machines and a production capacity of 500T/month we are pleased to present you our attractive possibilities.

## PHC Fasteners Ltd

FR

Fin de l'année 2016, pgb-Europe a ouvert son usine pour la fabrication de nos vis à bois (PHC Fasteners Ltd) au Vietnam. Dans ce tout nouveau complexe industriel de 20 000 m2, nous produisons des vis à bois d'excellente qualité ainsi que des vis pour plaques de plâtre marquées CE. PHC possède actuellement 85 machines pour le filetage et 85 machines pour les têtes de vis: cet équipement assure une capacité de production de 500 tonnes par mois.

## PHC Fasteners Ltd

NL

pgb-Europe opende eind 2016 haar houtschroef fabriek (PHC Fasteners Ltd) in Vietnam. In dit gloednieuwe industriële complex van 20.000m<sup>2</sup> produceren wij hoogwaardige houtschroeven en gipskartonschroeven met CE markering. PHC heeft momenteel een machinepark van 85 voor het snijden van de draad en 85 machines voor het vormen van de kop, goed voor een productiecapaciteit van 500T per maand.

## PHC Fasteners Ltd

DE

Pgb-Europe eröffnete Ende 2016 eine neue Holzschraubenfabrik (PHC Fasteners Ltd) in Vietnam. In diesem 20.000qm großen Industriekomplex produzieren wir unsere CE-gekennzeichneten Trockenbau- und Holzschrauben (aus Kohlenstoffstahl). Mit 85 Kopf- und Gewindeschneidmaschinen und einer Produktionskapazität von 500 t / Monat freuen wir uns, Ihnen unsere attraktiven Möglichkeiten zu präsentieren.
